St. Lawrence NYSARC and Dodge Pond Summer Vacations would like to see each individual have an opportunity to enjoy a week at camp which is why we have reduced our rates for the first week. The prices for the additional weeks of camp reflect the true cost of a vacation experience at Dodge Pond.

**** Please send the entire balance of your vacation with your completed application.***

We are “thinking green” and asking our vacationers to complete their application electronically if possible. Please indicate below how you would like your application processed.

Please send me an application to complete. **(Please include the name and address of the vacationer).**

I will download an application and forward to you when completed.
